***Guided Independent Learning Modules (GILM)**

- Includes answers to questions for each in-class segment, clinical practice sessions, case write-ups, reading, research, projects, personal psychotherapeutic process.
- 10 GILMs over 2 years covering all departments.
- No in-class time allocated.
- 10 GILMs over 2 years including summer GILMs covering all departments and subjects.
- In-coming advanced students will therefore have to do one GILM before the beginning of the first year of the on-site In-Class Advanced program.

A normal UK-QAA accredited or EU-EQAC accredited university Master's degree requires a total of 1200 hours per year for 2 years for a total of 2400 hours. This includes all In-Class and In-Between classes hours. GILMs are the In-Between class hours covering all In-Class and non In-Class modules (Projects, Process, AP&P). The basic standard's rule is to have 4 hours of GILM hours per in-class hour. *Pink areas are exceptions*.

- 1 UK CATS credit is 10 hours of combined In-Class and GILM hours.
- 1 EU ECTS credit is 1/2 a CATS credit therefore .5. A ECTS is usually 25-30 GILM hours.
- 1 US credit is 1/4 of a CATS credit therefore .25 credits. A US credit is usually about 45 GILM hours.

These credit ratings are for graduates to be able to interchange their modules from one university to another that follow the CATS, ECTS or US credits rating format.

- QAA is the UK **Quality Assurance Agency** for Higher Education accrediting UK university curriculums
- EQAC is the EU **Education Quality Assurance Commission** accrediting EU university curriculums
- CATS is the UK **Credit Accumulation and Transfer Scheme**
- ECTS is the EU **European Credits Transfer System**
